# Hike! 2000 Far Side Awards

*Welcome to the second annual Hike! Far Side Awards. These awards celebrate the unplanned, unintended, unfortunate and funny side of mushing. In order to protect the guilty, the names of those nominating people for the awards have been withheld.*

**FASHION VICTIM**

**Jason Strenger** who could forget those tights he wore at Southern Cross - plenty of room in the gusset!
**Mike Allsop** looked resplendent at the Sydney Sprint sporting red and yellow (Pedigree colours) facepaint!
**Mark Banks** and his jester's hat at the snow.
**Trevor Taylor** who recieved a special "Purple people-eater award" ( speaks for itself )

**QUOTE OF THE YEAR**

**Jason Strenger** "Did anyone find my shoe?" arriving at the B60 layover point after having covered over 25 km with only one shoe! (He lost the other one on the trail).
**Owen Robertson** "You know what they say ... no hurt, no pain". Proving alcohol and aphorisms never mix. (He meant to say 'no pain no gain').
**Dimitris Limnatitis** At the Qld race Barry Burden at the drivers meeting talking about how good it was that there were no protests etc. Dimitris says "I'd like to put in a protest! Tam's going too slow and she's making me look bad!" (Tam was running his dogs and not doing as well as he had hoped).
**Unknown** "Hasn't got bad legs for an oldie" Musher heard to say regarding Dave Pettifer in bike shorts.
**Geoff Styche** "This justifies having a fold down Sled" after forgetting that the sled (Alf's sled) was on the roof of his car as he drove under a low garage for fuel. Then tried to reverse. No damage to Sled but Car roof, awning and Ego were hurt.

**EQUIPMENT FAILURE**

**David Cole** Who came over the finish line at Undera - using his hands to steer the front wheel of his rig because his steering system had snapped!
**David Hutchison** whose scooter literally disintegrated before his eyes on the trail at the Sydney Shield costing him a certain place!

**PYROMANIA**

**Dave & John Hodgson** 'Largest single piece of firewood award'. At the Great Grey Bound - using a whole large stump which finally had to be put out on Sunday afternoon when the race ended!
**The Hodgson Brothers** 'Biggest Fire' - this time at the Wild Dog Derby – it was so hot it melted Beths tarp!

**BEST BUDDIES**

Jason Strenger and Jason Walkom who were caught spooning in their sleep in the hall at Southern.

**CRASH AND BURN**

**Mike Allsop** Executing a crash and burn 100 m from the start of the Sydney Sprint.
**Ross Kinnane** connecting hip with upturned side of foot plate after failing to navigate the roots at Wild Dog - but also made the fastest recovery of the season!
**Raelene Kwong** judging from some of the video around from the snow anytime Raelene Kwong hit a corner!
**Darren Higgins & Mitch Blockley** for "Best effort in headbutting your rig/scooter" A tie with Darren Higgins' effort at Southern Cross and Mitch Blockley's at CHA.

**THE DOGLESS AWARDS**

**Annie Jackson** who lost her 4 dog team after failing to navigate the roots at Wild Dog. The rig was so stable that the team travelled kms of trail without it overturning!
**Mark Waldock** lost a dog for 6 hours during training.
**Karen Mc Karthy** lost her six dog team at the B60.
**Nola Randell** at the snow crashed at the infamous S Bends, but did not lose her team, yet ... she picked herself up and got back on her sled, a "well meaning" spectator picked up her hat and put it on her head, only it was on backwards, when she briefly removed her hands to adjust her hat, bye bye team ..... she then had to run another 2 kms to catch them.

**THE DOUBLE-CHECKING AWARD**

**The timing crew at the Sydney Shield** for the most mistakes ever seen in a results sheet. There must have been over a dozen spelling mistakes in the names on the results sheet for the first heat – the most memorable being Many Church (Natalie Church) and Nigel Hole (Nigelle Holl).

**MOST TRAVELLED MUSHERS**

**Jens Jacob Jensen** was the most travelled driver - he travelled from Denmark to compete at Southern Cross
**Tibi Toth** who travelled from Hungary to handle for Joe

**STUNT RIDING**

**Dimitris Limnatitis** On the Monday after the snow with 5 dogs, the leader Widget must not have understood a command (the accent maybe?) & cut a corner, taking the team under a low branch, with Dimitris having to drop down & ride the sled with his knees on the runners in a superman pose - the handle bar & his white knuckles only just slipped under the branch.

**ALCOHOLIC INTOXICATION**

**Nick Odgers** After consuming gallons of drink at the snow got lost going from the Dinner Plains Hotel to the chalet. He stopped two naked men to ask for directions!

**WIERDEST ENCOUNTER WITH WILDLIFE**

**Diane Baker** coming headon with a six dog team and a luxury coach on a dirt road in the middle of nowhere full of Air Cadets lost.

Jason Strenger and his family wish to thank their sponsor for the 2000 season

# Announcing the Australian Federation of Sleddog Sports

*Each month Hike! will feature a column by the AFSS as well as an occasional column from the IFSS Gazette.*

At the snow race, Cliff French (Aussie musher abroad and oft-time handler for Tim White - president of the IFSS), Steve Carrick (Aussie Iditarod musher) and a bunch of interested others agreed to set up a national body - on the basis of 'build it and they will come'.

Those involved in the initial discussions belived that tim for a national body had come and to wait any longer for each state to develop its on state body would only hamper the further development of the sport in Australia.

One week later an applicataion was submitted to have the AFSS was registered nationally - and the skeleton structure of the body was formed.

An Info Pack will be sent out shortly to all interested mushers.

The Info Pack will include:

- The AFSS Mission Statement
- Goals and Objectives
- Code of Ethics

In addition the Info Pack will provide answers to a number questions that have been raised or that we anticipate will be raised regarding the new body. These include:

- Why do we need a national body?
- Who was behind the creation of the AFSS?
- What will the AFSS do for individual mushers?
- What will the AFSS do for race organising bodies?
- What will the AFSS do for State councils?
- Why was the AFSS created before each and every State had its own council?
- How will the AFSS fund its activities?
- What does the AFSS need to do to qualify for Commonwealth funding?
- Will AFSS membership be required to participate in sled dog sports?
- When will AFSS positions be open to election?
- How will the AFSS be organised?
- What has the AFSS done so far?

The Info Pack will also include a copy of the latest IFSS Gazette and an article originally printed in *Hike!* in May 2000 regarding the full suite of requirements for Commonwealth recognition and funding as a national sporting body. This article, drawn from the relevant Australian Sports Commission documentation clears up much of the mythology which has circulated about the requirements specified for a national body.

If you are interested in receiving a copy of the Info Pack contact the AFSS, GPO Box 3084, Canberra, ACT, 2607.

EVER WOKEN UP N A RACE MORNING AND WISHED YOU'D SPENT THE EXTRA $80 ON THE WARMER SLEEPING BAG????

Well, then,

I can offer you a cheaper solution.

YOU NEED AN INNIE FOR YOUR OUTIE!

THE INNY

An INNY is a polar fleece sleeping bag designed to fit inside your existing sleeping bag. (Available at Kaathmandu for $60.00)

A simple design with elasticated drawstring. This prooduct will give you the extra warmth you are seekin on those cold racing nights.

Available in adult and kids sizes. Just tell us how tall you are.

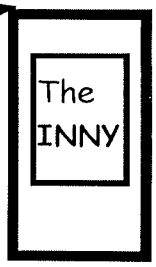
Delivery available at races. Some stock on hand.

Price $25.00 adults

$20.00 kids

Available in black, red, blue, pink, grey, green, yellow, purple

**Call Hayley on (03) 59429073 for orders**



# 2001 Sled Dog Racing Calendar

This full colour A3 size 12 month calander captures action shots from all the Australian national circuit races. Pre-order your calendar for Aud $20 + postage (available for sale to international as well as Australian readers).

The 13th person to order will recieve the calendar free of charge!

To view the calendar in living colour - check it out at the Hike! web site. Follow the links at http://members.dynamite.com.au/komidar/Index.html

Mail your order to Dimitris Limnatitis, 35 Blackwood Street, Miranda, NSW, 2228 or Phone Dimitris on 02 9525 0667 or mobile 0410 441 313 or email extremeplus@bigpond.com

# Fastest teams in August

### The Burn

Dave Hodgson's 2 dog team was the fastest team at the Burn – clocking up an average speed on day 2 of 28.80 km/h. The fastest in the 3, 4 and 6 Dog class was Owen Robertson whose 6 dog team clocked up an average speed of 25.83 km/h on day 2.

### K50

Meanwhile in the first August distance race, Joszef Toth took out the K50 clocking up an average speed on day one of 19.54 km/h with his 6 dog team.

### A5000

In a first for Hike! the fastest team for the snow race was tied! Down to two decimal places! Both Terry Mace and Owen Robertson completed a heat with an average speed of 32.33 km/h. Terry clocked up his speed over the 10 km first heat while Owen achieved his speed over the shortened 6 km heat 3 trail. Mitch Blockley took out the 4 dog with an average speed of 30.71 km/h over the 10 km heat one trail. Meanwhile Nigelle Holl averaged a speed of 30.26 km/h on day 2 of the 3 dog class and Dave Hodgson took out the 2 dog class with an average speed of 27.82 km/h over the 6 km day 2 trail.

### Canberra Sprints

Fastest team results for the Canberra race definitely bucked the trend – so much that I triple checked to make sure! Fastest team was Darren Kent and Levi who clocked up a very impressive 30.90 km/h in the 3.6 km first heat of the one dog class – breaking the 7 minute barrier! First in the 4 dog class was Owen Robertson who on day 2 did an average speed of 28.67km/h over the 9 km track. David Hodgson took out the two dog class on day one with an average speed over the 7.2 km track of 27.98 km/h. Nigelle Holl was the fastest three dog team clocking up an average of 26.97 km/h on day 2.

### Canberra Sled Dog Marathon

Fastest average speed was taken out by Paul Snibson on the home leg, covering the 15 km in an average speed of 17.25 km/h.

# IFSS General Assembly Elects New Governing Council

The IFSS 8th General Assembly was held in Oslo, Norway this weekend, 2-3 of September. Delegates from 11 countries had two days of interesting discussions on all the items of the Agenda. Maybe the most exiting point was the election of a new Council including President and Vice President.

Helen Lundberg (IFSS World 8 Dog Sprint Champion and partner of Egil Ellis) from Sweden was elected as President by the General Assembly for the next two years to come. Tim White, USA is the new Vice President of IFSS.

**President**, Helen Lundberg, Sweden
**Vice President**, Tim White, USA
**Directors at Large**
Markus Luft, Germany
Judith Pearce, Canada
Pep Pares, Spain,
Alex Ward, Great Britain
Christian Cleve Hansen, Norway
**Continental Directors**
Euorpe: Lars Svanfeldt, Sweden
North America: Magali Philip, USA
Oceania/Asia: Rae Bank, New Zeeland
**Legal Commission**
Morten Aspaas, Norway
Randall C Budge, USA
Tom Lavin, Canada
**Nomination Commission**
Nils Finsrud, Norway
Bernard Pepin, France
Rob Downey, USA

# *Hike!* 2000 the Year in Review The Video

Hike! will be doing a best of the Year 2000 on Video - featuring the best bits of videos taken at races this year.

If you have video of this year's races or related stuff (eg the May 90 Mile Beach run) or just some great footage you got while training this year - we'd love to lend it to tape some onto the *Hike!* video. Due to our limited technological resources we can only use normal VHS tape or Video 8 tape. If you've got video on these formats we'd love to hear from you.

We are planning to charge a minimal fee which covers the cost of the blank tape and postage. So we can't afford to pay for the use of your tapes - but we can promise to send you out a free copy of the compilation tape when we post your tape back. Plus we will acknowledge you as a contributor to the project.

Please email, fax or phone Hike if you'd like to contribute to what I hope will become an annual feature! Contact details are in the inside cover of this magazine.

## Hike/AFSS Point Score Results

As ususual, if you want to check the calculations, your scores can be obtained by sending a stamped self addressed envelope to *Hike!*

| Tony Greenway | 2:20:44 | 2:30:06 | 4:50:50 |

# TEENAGE MUSHER

**Wayne and Di Baker**

I want to let everyone know how proud we are of our daughter. She has had the opportunity to Race in the adult classes at the age of 13/14 years with her two-dog team. I would like to thank Sibex, Freight Run, Canberra, Burn, Southern Cross & B60 for giving her the permission to Race and giving her the opportunity to prove she has the skill to compete in that class.

At three of those races she was given the sportsman's award for helping fellow adult mushers. I thank those people who nominated her. She has proven she has the ability to handle her team and has good racing etiquette. Next year she will be training and racing a four-dog team and I hope she has the same support from the clubs to compete in the four-dog class.

I would also like to congratulation the other teenage mushers, Daniel Odgers, Tracy Carter and Kelly Gardener for having a go and proving that you have the ability to be out on the track competing.

These teenagers are paving the way for the junior & pee wee Mushers to enter the adult classes. We all must allow these kids the challenges of Mushing or they will find an alternative sport or hobby.

***Owen Robertson: National 6 Dog Sprint Champion***
***Photo: Sharon Komidar***

# Australian Dogs to get Access to UK Passport Scheme

**ABC News 6 August 2000**

Australians will soon be able to take their pets to Britain without having to place them in quarantine for six months.

The British Government has announced that it will extend its "pet passport" scheme to Australia and New Zealand.

The pet passport trial was launched in February this year, with 22 western European countries being certified as rabies-free. Under the scheme, pets are vaccinated against the disease, and a tiny microchip is placed under their skin.

The pets then avoid an expensive and often traumatic six months in quarantine on their arrival in Britain.

The British Government has now decided to extend the program to Australia and New Zealand as of next year, despite the British Vetinary Association expressing concern that the scheme has yet to be properly evaluated.

# FOR SALE

## 4 Berth Dog Trailer

Suit Mals(1 / box) or Huskies(2 / box) Big Box's

Plenty of storage under for camping equipment etc.

Facilities for gig on roof top.

# 2K+1 B60 Update

*Hike!* can confirm that the venue for next year's B60 will be Penrose State Forest.

There is going to be several changes to this years race including:

- the "hopeful" elimination of a couple of the big hills;
- a remore area checkpoint. At the site of an old cottage which burnt down a long time ago;
- limited number of handlers (possibly no handlers) at the checkpoint;

The distance will increase. How far, cannot be confirmed until we are much closer to the race, but it will definitely have 60 Km's of effort.

Entries will close two weeks prior to the race, otherwise a $25.00 late fee. All entries close at the start of the drivers meeting 2.00 pm Saturday 21 July 2001.

## Canine Harness Association Winds Up

**Narelle Mace**

The CHA is officially finished and I have completed the paperwork to wind the club up. Assets are still to be sold/distributed and we have made a sizeable donation to the Guide Dog Association. I know many people believed I wouldnt do this, but it is with great relief that I call it quits.

To the people who came up and said a heartfelt thankyou for the years of the CHA race, I appreciate their thanks. Still I walked away from it all with a smidgen heavier in heart (on the day) but lighter shoulders. Now I feel good about letting it go.

Perhaps next year I can spend more time with our own dogs and Jessica.

You may see a club put on a race at Kooyoora, but that is now out of our hands.

For now the wattle is blooming, harnesses are washed and put away. Dog truck has been gutted, and we now get to sit back and wait for the warm weather ..... couldnt be better. We get to start the 2001 season with a whole new beginning..... lots of new stuff happening.

## But the Great Grey Bound Survives!

Hike! has been informed that Jacqui McNicol has taken over the reigns of what was the CHA race and the race next year is a definite goer! More info from Jacqui in future editions of Hike!

# Vitamin C and Snakebite

**Pat Coleby**

**Submitted by Finn Jensen**

We first came to Australia in the late 1950s to a district where tiger snakes were endemic. Luckily, I had lived in parts of the UK where adders or vipers were fairly common. Otherwise I would have been in a constant state of terror, having a family of small children. As time went on horses, cattle, goats, dogs and cats were fatally bitten by tigers. We never saw any other kind of snake. Only our whippet bitch was saved and I was so shocked by the trauma of nursing her through the reaction to the anti Venom, from which she nearly died, that I hoped one day there would be another answer.

It was a valuable stud goat. The insurance rates were quite impractical, so one kept them alive the best way possible. He was staggering slightly and his eyes had clouded. Obviously some of the poison had either reached them or been squirted into them. I could not see the bite, but was pretty sure it was a tiger bite. Having no injectable Vitamin C at that time, I used ascorbic acid powder and gave him a heaped teaspoon (roughly 5-6 grams) every hour. By two doses, his balance had returned and his eyes had cleared. (I had also given him some Vitamin A to help the latter). I did give him a follow up in the evening and again next morning, probably unnecessarily. On the 3rd day, the 2 puncture marks on his lip were quite obvious and slightly swollen. I squeezed them out and that was that.

From that time on, I used Vitamin C by injection or orally. In the case of small dogs, I often used slow release 1 gram Vitamin C Complex tablets with success. Priced at about $7.00, it is cheaper from some of the big suppliers. 2 cc is equal to 1 gram. It can also be obtained as ascorbic acid powder, of which a heaped teaspoon is approximately 5 grams. There are other kinds of Vitamin C obtainable, but those mentioned with the slow release are, the most efficient. All good pet shops, fodder suppliers and most chemists stock the injectable variety, and the other can be obtained from chemists and health stores.

I never go anywhere with a dog without my rescue kit. It contains injectable Vitamin C (which should be kept cool once it is opened, if possible), ascorbic acid powder and Vitamin B12, which is a fantastic pick me up, size 18 or 19 needles for the Vitamin C, as it is slightly glutinous and takes too long to get in and out of a finer needle (size 21 will do for the B12) and a supply of syringes: 10 and 20 ml are usually the best.

One cannot overdose with Vitamin C in theory and fact, but it is better to give around what is necessary than too much, although I must confess that the first time I used it, in spite of all I had read and heard, I couldn't quite believe it would work as quickly as it did.

Apply the needle in the neck in front of the shoulder. There is always plenty of muscle in the neck are and no danger of hitting anything vital. As a very wise vet taught me years ago, the muscle down the hock does not come into the category. There's always a chance of hitting the main nerve controlling the leg & that's bad news.

Only injectable sodium ascorbate can be given intravenously; but do not even try when a dog has been bitten by a snake or is in shock. If you cannot find a vein, just give the shot intramuscularly. The needle only needs to be pushed in about 8-10 millimetres, if the dog is not too ill, it will sting for about half a minute. If it doesn't you've one sick dog on your hands. In fact, I always gauge an animal's return to health by how much fuss it makes about the injection.

If you can find the site of the bite, rub some sodium ascorbate powder into it. It will help detoxify the venom and stop the pain. Rubbing the actual bite with the socium ascorbate powder stopped the pain in 2 to 3 minutes.

If you see your dog actually bitten, well and good. If you find it looking a bit groggy and suspect it has been bitten examine its eyes. The eye muscle is the first to relax and the pupil looks enormous if it has been bitten, so get going with the Vitamin C (15 grams for a normal size dog, followed by 10 grams an hour later and some in the mouth if you have it). Keep your dog quiet and comfortable. Don't try tourniquets or any other treatment. It might be a good idea for owners to examine their animal's eyes when they are normal then you would have some idea of what they might look like when under the influence of snake or tick venom. Of course with ticks, they are easier to find, but the Vitamin C works just as well even when they are comatosed.

There is no doubt in my mind that both snake and anti Venom reduce a dog's life span, even when the treatment is successful but, in my experience, if you administer Vitamin C as soon as possible this unfortunate side effect does not seem to occur.

# The Burn Race Results

Due to human error there was an error made with the Day 1 times for the 1 and 2 dog class, after a discussion with the race marshall Alf Babazogli and then with the drivers it was decided that the race would be decided upon Day 2 times.

There is not alot that we can do about it now other than address and fix the problem, it happened and we must accept the responsibility. Life goes on!

Again we would like to take this opportunity to apologise to all that were concerned and we would like to reasure you all that this error will NOT happen again! The problem has been rectified and the timing will be most effecient next year!

There will also be a few changes to the running of THE BURN next year so please watch HIKE for further updates regarding the race and I trust that we will see you all there again next year!

I'm sure that all those who attented THE BURN 2000 will tell you that they had a most enjoyable time and contrary to what most people have been told the track at the Bannockburn Reserve is an excellent track, it is a bush track, it is NOT rough and it is certainly NOT tough on the dogs!

If you are at all unsure than give us a call to ask us the questions or better still call PARKS VICTORIA and ask them what the reserve is like and I'm sure that they will tell you the same thing!

Until next year!

Lisa Hodgson
Bannockburn Sled Dog Club Inc.
